Points to note

Agents dealing with new customers

- Continue to push SIK at every opportunity
- All iQ5 box sales are to be sold in as SIK – whether address already has a satellite installed or as an IP option for addresses that do not currently have a satellite installed.
 - Tech professional installations are no longer an option from 1st July 2025.
- If a customer signed up to our “Winning Deal” campaign from the 10.02.26 onwards, and has seen the new offer and requests it, this must be honoured.
 - For customers prior to install, simply change the offer on their account.
 - For customers post install, add the new offer component in line with the billing cycle date and add a credit for the difference mth/s already paid.

Agents dealing with existing customers

- This campaign **must not** be honoured for existing customers
- If an existing customer calls and wants a new customer offer, **please use NBA** to determine the best applicable course of action (unless customer signed up during the campaign period as outlined above)
